## DON'T KNOW THEY HAVE APPENDICITIS

Many Barre people have chronic appendicitis (which is not very painful) and think it is just bowel or stomach trouble. Some have been doctored for years for gas on the stomach, sour stomach or constipation, and Kendrick & Co., druggists, state if they will try simple buckhorn bark, glycerine, etc., as compounded in Adler-ika, the German appendicitis remedy, they will be surprised at the QUICK benefit. A SINGLE DOSE stops these troubles INSTANTLY.

**New Plans for Salida Granite.**

The Salida Granite company, with quarries and plant at Salida, Col., is being reorganized, and nearly all the necessary capital has been subscribed. The plant is to be enlarged to two or three times its present capacity. While the present company is doing an immense business, its capacity is entirely inadequate to meet the demands for the granite. It is the plan to install power at the quarry and move all the saws to that point, leaving the present building entirely for a polishing plant, and this building will be added to as the occasion demands. By saving the granite at the quarry the hauling of waste rock will be avoided, greatly increasing the output from the quarry. In due time a traction engine will be installed to haul the granite to the finishing plant. The payroll is now about \$800 a day, but it is shortly expected to reach about \$300 a day.—From "Stone."
